

COMPANY OVERVIEW

We are a Service-Disabled Veteran owned company that works with NJ and NYC's largest engineering firms, contractors and builders providing quality materials to get the job done right.

We offer all prefabricated boiler flues, kitchen grease ducts, generator exhausts, and freestanding stacks. From quality manufacturers such as Van-Packer, Industrial Engineering Services, and other trusted partners. We offer an end-to-end client experience from demo to final inspection that includes seamless communication, budgeting, and delivery.

DIFFERENTIATORS

Our company has a long history in the venting industry, which started in 1959. From the beginning, we have always valued hard work, integrity, and pride. As we enter our third generation of leadership, we are proud to be a Service-Disabled Veteran-Owned Business. This designation is something we take seriously, and you can expect us to provide you with the same amount of service and commitment we gave to the US Military. Call us today and bring our project management skills and extensive experience to your next project.
